

Your first World Cup-season money idea map.

A quick one-page starter for turning football attention into AI-assisted social content, affiliate angles, niche pages, and lightweight products. No official affiliation, no guaranteed-income claims, just practical directions to test.

PLAY 1

Faceless football explainers

Turn match-day questions into short AI-assisted scripts, visuals, captions, and repeatable posts.

PLAY 2

Player storyline reels

Use public narratives around legacy, speed, flair, pressure, records, and fan debates.

PLAY 3

Football affiliate pages

Route attention into gear, creator tools, watch-party products, newsletters, or guides.

Best first niche filter

Pick one football lane where people already argue, save, or share:

- GOAT and legacy debates with respectful stat/context breakdowns.
- Skill edits and reaction formats around flair, speed, and decisive moments.
- Fan gear, watch-party products, training tools, or creator workflows.

Your first 7-day move

1. Choose one lane: explainers, storyline reels, or affiliate page.
2. Write 10 hooks from current football conversations.
3. Ship 3 posts using the same format and track saves, comments, and clicks.
